## Our Vision

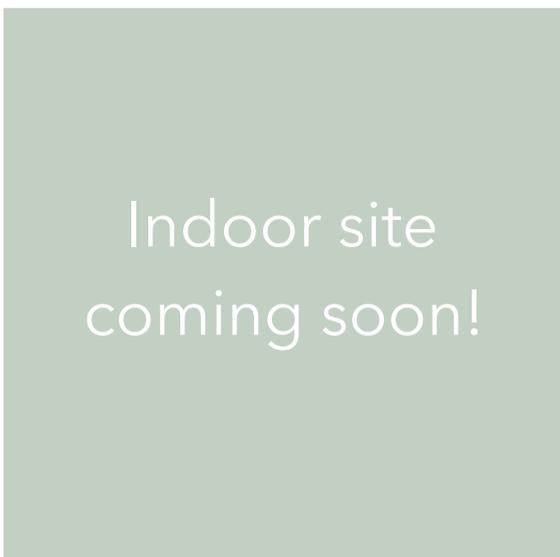

Your venue for an elevated experience.

Since The Farm at Agritopia opened in 2004, there have been consistent requests from the community to utilize this beautiful agricultural land for weddings and events. Now that the land is cultured and the agriculture is thriving, we are thrilled to announce the opening of Cultivated: The Farm at Agritopia!

Located in the heart of Agritopia and home to the nationally recognized “Agrihood” of Gilbert, Arizona, Cultivated: The Farm at Agritopia offers two inviting spaces of natural beauty: The Biblical Garden and The Orchards.
